

Serial No. 10/802,720

REMARKS

Reexamination and reconsideration of the present application is respectfully requested.

The Examiner has objected to the specification because the title is not descriptive and because of the noted reference number error on page 7. Applicants have amended the title to be more descriptive and have corrected the reference number "32" on page 7, line 18 to "31."

The Examiner rejected claim 1 under 35 USC 102(b) as being anticipated by Jobling '293. However, as noted above, claim 1 has been canceled. Therefore, the merits of the Examiner's rejection of claim 1 will not be addressed.

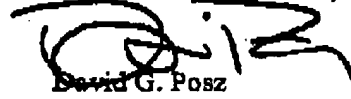

The Examiner has indicated that claims 2-10 contain allowable subject matter. Applicants note this indication of allowability with appreciation, and in response have amended claims 2, 6, 9 and 10 into independent form to include the limitations of base claim 1. Therefore, claims 2, 6, 9 and 10, as well as all dependent claims that depend therefrom, are now allowable.

The Examiner should note that claim 11 has been amended to depend from claim 2 in view of the cancellation of claim 1. In addition, claims 12-14, which correspond to claim 11, have been added to depend from new independent claims 6, 9 and 10, respectively.

In view of the above amendments and remarks, the present application is believed to be in condition for allowance. A prompt notice to that effect is respectfully requested. Although no additional fees are believed to be due, permission is hereby given to charge any unforeseen fees to deposit account 50-1147.
